

SEYMO

Official Distributor

Additional warranty conditions and coverage for SEYMO products

Repairs and services covered by the warranty:

- CPUs, LCD screens, control boxes
- This additional warranty does not cover breakage of other components such as water sensors
- Temperature probes, door and window detectors, and handheld remote controls
- This warranty extension, like the legal one, does not cover shipping and returns to the customer

Warranty extension period:

- An additional 2 years will be covered beyond the Seymo legal warranty, for a total of 4 years from the date of purchase

Extra warranty conditions:

- This additional warranty will apply to purchases made where the warranty extension was contracted
- This additional 2-year warranty is additional to the legal warranty
- Once the order is placed and shipped, you will receive a confirmation email that you must use as proof of purchase in case it is requested when sending the product for repair
